National Study Tour

LeadAR Class 13

February 18-29, 2008

Objectives

- To learn more about the current issues facing our nation.
- To understand the formation of policy and the decision-makers in policy development at the national level.
- To understand the role of individual citizens in national policy development.
- To understand the impact of national policy on Arkansas interests.
- To create a network of contacts and resources of value to the continuing development of Arkansas' communities.
- To visit alumni of another statewide leadership program in their state and to learn more about that state's agriculture and rural development issues. Also to learn from participants and staff from another leadership program about its design and how it benefits their state.
